Rank:	0 i0000f:
Sprint:	

### Description

The password field does not include a visibility toggle (eye icon), which is now a standard UX pattern for password fields. This reduces usability as users cannot verify their password entry.

### Steps to Reproduce:

1. Navigate to <https://www.saucedemo.com/>
2. Click on the password field
3. Enter any text
4. Look for eye icon or similar toggle control

### Expected Result:

Password field should include show/hide toggle icon (standard UX pattern).

### Actual Result:

No password visibility toggle is available.

**Priority:** Low

**Severity:** Low

<b>Sprint:</b>	

## Description

The SauceDemo login interface does not provide a "Forgot Password" option, which is a standard feature in modern authentication systems. This prevents users from recovering their accounts if they forget passwords.

## Steps to Reproduce:

1. Navigate to <https://www.saucedemo.com/>
2. Observe the login page interface
3. Look for "Forgot Password" link or button

## Expected Result:

Standard "Forgot Password" or "Reset Password" option should be available near the login form.

## Actual Result:

No password recovery mechanism is present on the login page.

**Priority:** Medium

**Severity:** Medium

**Labels:** feature-missing, usability, week1

## [SCRUM-1] [Mobile responsive error message overlaps password field](#)

Created: 09/Feb/26 Updated: 09/Feb/26

Rank:	0 hzzzzz:
Sprint:	

### Description

When testing the SauceDemo login page in mobile view, the error message overlaps the password field. This affects readability and user experience on small screen devices.

Steps to Reproduce:

1. Open <https://www.saucedemo.com/>
2. Open Chrome DevTools
3. Switch to mobile view (iPhone X)
4. Enter invalid username
5. Enter any password
6. Click Login
7. Observe error message placement

Expected Result:

Error message should be clearly visible and should not overlap input fields.

**Actual Result:**

Error message overlaps the password field, reducing readability.

**Priority:** Medium

**Severity:** Medium

**Labels:** UI, accessibility, week1
